RIVAS GIVEN PRISON TERM

Man On Suspended Sentence
for Aggravated Assault
Enters Home of Widow
Maria Valenzuela; Gets
Three Years

Maria Valenzuela was awakened at two o'clock yesterday morning to find a man bending over her. He placed his hands upon her shoulders and with a sudden wrench she freed herself and escaped from the room through the window.

The little widow, who is a young Mexican lives in Tempe. She said she only knew the man Vivito Rivas by sight but she was able to identify him to the officers. He admitted his guilt in Judge Stanford's court yesterday.

"I did not harm you," he said to Mrs. Valenzuela who was on the witness stand. "You had no business in my house at that time of the night," she replied. Rivas, without further trial was sentenced to serve not less than three nor more than four years at the state penitentiary at Florence.

In sentencing the man, the court announced that a further trial was unnecessary as Rivas was on a suspended sentence. A little more than a year ago he was found guilty of aggravated assault and given a five year suspended term.

MARKETS FINANCES AND

(Republican A. P. Leased Wire)

NEW YORK, April 22.—The growing apprehension arising from the country's relations with Germany and Mexico, were almost the sole governing factors in the continued disturbances in the stock market. Quoted values registered more or less steady declines, some of these attaining serious proportions.

In fact, the stocks which have featured the speculative operations of recent months, closed at the lowest levels of the calendar year, wiping out a very considerable part of the spectacular gains of 1915. Offerings were largely of a liquidating character, voluntary and enforced.

The market's technical position has been buttressed by the general selling so that it will be better able to withstand more alarming development.

STOCK EXCHANGE

NEW YORK, April 22 (Wall Street).—Heavy and persistent selling pressure was again highly effective during the day's two hour session. The recess of the preceding day merely accentuated the extent of the liquidating movement. Trading was far the largest of any recent week end, approximating 600,000 shares.

Special stocks of that description involving more directly to the munitions equipments, minor industrials and oils, were steadily liquidated, with few exceptions recording lowest prices of the year. In general these issues are 30 to 50 points under last year's best quotations.

Among the "weakest" issues were General Motors, which fell 20, to 410; Mexican Petroleum 10, to 80; United States Industrial Alcohol 6, to 137; Crucible Steel 7 1/2, to 75; Baldwin Locomotive 6 1/2, to 84; Studebaker 7, to 121 1/2; American Smelting 6, to 88 1/2; Greene Cananea, 5, to 41 1/2; Texas company, 5, to 180; American Car, 5 1/2, to 55 and various others of that class 3 to 5 points.

United States Steel which outstripped all other stocks in volume of offerings, manifested some steadiness at first but fell back 2 to 30 as the selling movement gathered greater momentum.

There were signs of liquidation in bonds some issues receding materially on large offerings. Total sales par value amounted to \$2,630,000. United States coupon and registered 2's and coupon 4's declined 1/4 and Panama 2's registered 1/2 per cent on call during the week.

First prize, \$25 cash to Mrs. Asa H. Kennan, 215 East Culver st., Phoenix. Second prize, \$15 cash, to Mrs. G. Starkey, Scottsdale, Arizona. Third prize, \$10 cash, to Mrs. H. W. The prize winners are requested to bring their recipes to the mill and to call in person at the office of the Valley Flour Mills for their prizes. The judges were busily engaged from one o'clock until six in selecting from the hundreds of entries, the eight prize-winners. They stated that the bread was of unusually high grade, and of high average quality, which made their task a most difficult one as their were so many loaves of almost equal grades. In judging, they scored by the following system of grades, a perfect loaf on this basis, receiving wheat.

COPPER MARKET

NEW YORK, April 22.—Copper was firm. Quotations for nearby delivery for electrolytic were nominal and beyond July delivery was quoted at from 28 to 29 cents.

CHICAGO MARKETS

CHICAGO, April 22.—Strained foreign relations brought about material declines today in the value of wheat. Prices closed unsettled 1 1/2 to 2 1/4 cent lower, with May at \$1.12 1/2 and July at \$1.11 1/2. Corn lost 1/4 to 1/2 cent and oats 1/4 to 1/2 cent. In provisions the outcome was a gain that varied from 5 cents to 22 1/2 cts.

Unfavorable weather for the seeding of wheat in the northwest was more or less ignored by dealers here, except as tending somewhat to check the force of downturns in the market. Corn gave way with wheat. Oats received fair support owing to the purchase of 600,000 bushels here for export. The market nevertheless showed evident weakness on account of the setbacks to the value of other grain, and because of the excellent crop outlook for oats.

Lard advanced today to the highest price of the season. It was said 3,000,000 pounds had been disposed of for export. Other provisions rose, too, helped by higher quotations on hogs.
